

Bloodmobile At Legion Sept 11th

And the need for Blood is vital again!

The extra long down time between models in the automobile assembly and fabricating plants in Flint, Saginaw, Bay City, Lansing, Pontiac and Detroit has again forced cancellation of scheduled Blood Banks and the supply of Red Cross Blood throughout Michigan has again become critical.

So the call has come once more to make our scheduled Blood Bank on Tuesday, September 11th, between 12 Noon and 6 p.m. as large a drawing as possible.

The Good Neighbors of Red Cross in Crawford County responded magnificently to our July 17th Bank when 133 of you wonderful Blood Donors came to give that rarest of all gifts, a pint of your own blood to your fellow man.

Please, Good Neighbors, let's try to do as well again! Let's show them that we Northern Michiganders can always be depended upon to do our share and more!

City Police Chief Completes Survey of South I-75 Bus. Loop

by Joe Schrader

"I realize that lowering speed limits will result in more time for motorists to move through Grayling, but it's a small price to pay for cutting down on serious injuries or a possible fatality."

That was the sentiment expressed by City Police Chief Pete Setphan while addressing a serious traffic problem which has resulted in a number of automobile accidents on the south I-75 business loop.

Stephan's office has completed a comprehensive survey regarding the accident incidence in the area and reviewed it in detail at last week's city council meeting, following several letters to the state asking for assistance in alleviating traffic problems in the area.

The survey revealed that in a 3-year span dating back to 1976, 245 accidents have occurred, involving 472 vehicles, 861 drivers and/or passengers, 112 personal injuries, and estimated property damage amounting to \$313,450.00.

The survey, conducted after a study of these alarming statistics, centered around sections described as A & B of the southbound I-75 business loop, generally involving the I-75 passage through town but more particularly the expressway section between the railroad tracks and the southbound exit out of Grayling.

In a written survey presentation dated August 23rd, Stephan indicated that "a reduction of vehicle speed limits through the

Business Loop I-75 route will result in a slightly longer time period for traffic passing through Grayling, however it is felt that the increased safety factor would result in lowering the personal injury and also the property damage value figures substantially enough to justify this minor inconvenience.

Recent serious summer accidents on the highway section in the shopping center area have resulted in serious injury to a number of drivers and/or passengers, prompting even more concern and study by police officials. During the summer, the Volunteer Fire Dept. "Jaws of Life" has been used to evacuate accident victims from vehicles involved in crashes in that area, all of which were struck while attempting to cross the median.

According to Stephan, an engineering study in 1964 was adequate, but "the business climate has escalated to the point the traffic lanes are inadequate."

Stephan feels that speed limits should be adjusted and median crossovers redesigned. The recommendation on speed limits in his survey is as follows: "Install an exit ramp speed sign indicating 45 MPH with 30 MPH maximum from the south city limits to the M-72 E. intersection. 25 MPH from the M-72 E. intersection to the M-72 W. intersection, 30 MPH from the M-72 W. intersection to the B-175 north city limits. With identical speed limits for the south-bound business loop traffic in the same areas."

A request to Fred Eggan of the Michigan Dept. of Highways resulted in a recent state study, data from which is now being

Vikings in Grid Season Opener Entertain Harrison Friday Night

by Jeff Schrader

Grayling High School's football program, a sport once jeopardized by the millage failure, is now in

full swing, which should excite all local gridiron fans, coupled with the fact that six out of the nine scheduled Varsity contests will be battled here on home turf. This Friday marks the season and home opener for the Vikes, who will meet their traditional "opening game" opponents, the Harrison Hornets, in a non-conference bout. Game time is at 7:30 p.m. The team's record last year was three and six, which was a great improvement over the year before. The Vikes hope to carry their mark of improvement on again into this season, which would result in a very successful grid-iron season.

Head Coach, Bill Klinger, cites three important reasons which explain the spirited optimism which he and the entire team possess. "Number one, the team has a good group of seniors; number two, the team's attitude is excellent; and thirdly and most importantly, everyone works very well together."

As for team strategy, Klinger explains, "We're just going to take one game at a time and hope

everything snowballs. Two of our four team goals this year are to, first, win our opener, and also, win more games than we lose."

Many of the starting positions have already been filled for the upcoming season with com-

Sewage Holding Tank at Camp Grayling Raises Pollution Question

(Special to The Avalanche)

The National 2nd division will start Thursday, Sept. 6 at 9:15 p.m. at Legion Lanes. League Meeting at 8 p.m. prior to Bowling.

Margrethe Property Owner's Association, a report from the Michigan Dept. of Public Health was presented on a water sample taken from a small creek flowing into the lake, and originating near a camp sewage holding tank.

The latest sample, taken Aug. 13, showed a coliform count of 37,000 per 100 millimeters of water, and a fecal coliform count of 320, compared to counts of only 200 coliform and 30 fecal coliform taken from the same stream waters on June 21.

The small stream in question flows through marshy land recently paved for a parking lot by the military, by arrangement with the state Department of Natural Resources. A culvert and other provisions were made to protect the stream. As-

sociation members were concerned when a high pollution count was reported last fall, but fears were temporarily allayed when the early summer testing showed little or no pollution.

petent and experienced ball players. John Juntilla has earned perhaps the most glamorous, but also the most difficult position, that being "play-maker," or quarterback. Accompanying him in the backfield will be slotback, Billy Lucksted; running backs, Rocky Tobin and Jerry Lucksted; and fullbacks, Todd Duncley and Bill Fairbotham. The team's main receivers include George Bindschatel, Tim Jones, and Jim Kitch.

Other offensive positions are not yet definite, but have their potential candidates. The positions are as follows: guards-Warren Galvani, Joe Mahaney, Matt Mahaney; tackles-Frank Blaauw, Rusty Sheperd; and offensive center-Chuck Kent, Vern Westervelt, John Peterson, or Mike Hoag.

In commenting about his team's defense, Klinger states simply, "We have a very aggressive group of defensive ballplayers." Most of the defensive positions are also filled by the squad's offensive lineup, with the exception of Terry Lucksted who will play only defense.

This season, a very bright hopeful in the Kicking Dept. is Sergio Jose Mandoza Robles, a foreign exchange student from Mexico. The "soccer-style" kicker specializes in extra points and field goal.

ton, chairman of the Association's conservation committee, the stream waters will be tested again, but the August results suggest that the camp sewage holding tank may indeed be leaking pollution after peak troop usage during the summer, a condition that might not be apparent early in the season. Moulton said his committee would continue to work with Camp Grayling authorities to determine the facts and protect the quality of the lake waters.

President Clarence C. "Cal" Brenner reported the signing of 30 new members as the result of a recruitment mailing to non-member property owners. He pointed out that all lake users who have a stake in maintaining water quality, improving fishing, and protecting the natural environment are welcome to join the Association and participate in the meetings. While voting is limited to property owners, non-owner lake users may join as associate members, by application to the Membership Secretary, Rt. 1, Box 1480, Grayling, Mich. 498-9142).

From Our Corner ...

We've got the Labor Day ekks...

It's such a lovely day, we would rather be out in our back yard just loafing...instead of in the salt mine...the problem is, the deadline for your favorite paper won't budge which leaves us just one day to be sure the finishing touches are made so you may be able to read this stuff come Thursday...if pick it up at the stands...you will be able to check out all our faults Wednesday...

There was a day, that after Labor Day weekend the ol' burg seemed to go into a snooze before the fall hunting days arrived...not so this year...

Next Saturday Grayling should be like a bee hive...the Grayling Downtown Merchants are sponsoring a Classic & Antique Car Show. The display will be on Michigan Ave. between Cedar and Norway streets. Some 150 cars are expected to be on display.

For your survival during the day there will be a Sunshine Breakfast served at the Masonic Temple from 7 a.m. until 9 a.m.

On Saturday and Sunday, Ron Fraser, owner of the Holiday Inn is planning a Grand Opening and Open House for the new Holiday and Fun Center just completed from 2 until 6 p.m. each day with a ribbon cutting ceremony Sunday at 3 p.m.

On Monday at 10 a.m. there will be a ribbon cutting ceremonies at Northern National Bank located on I-75 business loop, South, that will open the new banking facilities that was formed by a group of Grayling businessmen. Ted Kortes is president of the new bank, while Randy Chapin will serve as vice-president and cashier.

An idle thought...we do not like to wish away our life, but wouldn't it be nice if this was Memorial Day 1980 weekend? The weather outside is ideal...sorry about that, all we can look forward to is frost on the pumpkin...and a whole bunches of that fluffy white stuff and the temp quite a bit below the boiling point.

The bride just left after keeping us away from this gem we are attempting to put together...we doubt it, but we will still try to come up with some smarts before we close the corner this afternoon...maybe that is what bothers us...the sun is still out in its glory, and we are used to be looking at the moon as we toil getting this portion of the paper out...

That must be the reason our father always told us we must be a moon child...we never wanted to get up in the morning when he'd call, he told us we never woke up until the moon came out.

Every day it seems we find out someone else who tossed in 5 bucks to see the ol' fella put in the jug...last night we found out Alice White, wife of Theran who owns the Chief Shoppenagons Hotel and lives in Perrinton, down by Alma, that she had invested in our traumatic experience on spending time at Kojack's Kastle...

Before we turn this turkey over to Rena for typesetting, we would like to mention here, our T.J. makes her first step into the world of learning as she attends kindergarten this Wednesday...now it will have to be up to Stef to keep their mom on her toes.

We really don't know how ekks is spelt...but anyhow we hope your weekend will not be full of them...

Chief Tewanama and his son, James were in Grayling over Tuesday night and while here visited the Avalanche office and reported that 500 Indians representing 61 tribes will be in Grayling the latter part of next week probably Saturday and Sunday. They will be in full Indian regalia. The Chief also reports that they will be bringing with them a 75

piece Symphony Band. There were close to 400 people attended and enjoyed the annual picnic staged by the Farmers-Old-timers Picnic Association at the Beaver Creek Town Hall last Sunday. The day was ideal for such an affair and everyone had the time of their life. Old acquaintances were renewed and new friendships made and a general good time was had by all.

Johnson pitched for Grayling and held Gaylord hitless for eight innings, when Hutchinson by accident doubled to left, which was the only hit they were able to secure off Johnson. While Grayling gathered eleven singles, Hutchinson was pounded off the slab in the sixth inning and replaced by Noa. The score was 7-1 in favor of Grayling.

The Bible Speaks

From Calvary Baptist Church

Why Paul Corrected Peter For Corrupting the Gospel

Gal 2:15-19

Last week we saw Paul rebuke Peter for not practicing the truth of the gospel in the presence of Gentiles, when Jews were present. Peter went back to the practice of Judaism. Gal 2:11-14. Paul reminds Peter that they were both justified by their faith in Jesus Christ, and not by their obedience to the Old Testament laws of the Bible.

"We who are Jews by nature, and not sinners of the Gentiles. Knowing that a man is not justified by the works of the law, but by the faith of Jesus Christ, even we have believed in Jesus Christ, that we might be justified by the faith of Christ, and not by the works of the law: for by the works of the law shall no flesh be justified." Verse 15, 16. Paul reminds Peter that none is ever saved by obeying the laws of the Bible. Man can only be saved by faith in the finished work of Jesus Christ, alone. Our salvation must be all of God's Grace and none of man's works. See Romans 11:6.

Paul reminds Peter of the impossibility of being justified by obedience to Old Testament law. He also reminds him of the false appearance such false claims will give. First, it will make Christ appear as a minister of sin, and second, it will make man appear as a transgressor. Both of these appearances would be false. Verses 17, 18.

Paul summarizes the whole subject by saying the law no longer has any control over man's justification in Christ. Man who has accepted Jesus Christ as his substitute, who died on the cross for his sins, is now free from all control of the laws of God to condemn him again. "For I through the law am dead to the law, that I might live unto God." Verse 19.

First, we die "through the law." This means we find ourselves guilty when we examine ourselves in light of God's perfect, holy laws. It is the law of God which finds us guilty and sentences us to death. It is at this point we turn by faith to Jesus Christ who died to pay the broken law. So it is through the law, Christ died for our sins.

Second, we are dead "to the law" because Christ paid the full penalty for our disobedience to God's laws. The just demands of the law have been met and we are now considered dead by the law. When we accept Christ as our savior we can rest assured His blood has covered all the penalty for all of our sins.

We are freed from the condemnation of God's laws, not for the practice of sin, but "that I might live unto God." Jesus Christ died to free us from the penalty of sin. He arose to give us power over the practice of sin, and He is coming again to make us free of the presence of sin. (adv.)

Open letter to the Crawford AuSable Board of Education

I am acrimonious and could be loquacious and verbose in verbalizing, but I will put it plainly, your budget priorities are screwed up.

You would give up a high school teacher (\$14,000) for a summer driver training program and partial athletics. (\$8,800 plus \$6,117) which includes X-Country and tennis. Gentlemen this is Grayling not Bloomfield Hills or Ann Arbor. We are not big city and don't want to be as the editor lamented. A great majority of us believe in the 'little red schoolhouse' concept.

Basics—Yes. Frills—No. A renewal of 15.65—Yes. Additional mills—No. Use the old math instead of the new math and you will find money in the increased property assessments we are now going to pay.

Two Local Men Receive Appointment

Kurt Ries, Director of Northeast Michigan Manpower Consortium, announced the appointment of two area individuals by the Administrative Board to the Private Industry Council.

These councils are being appointed by chief elected officials in more than 450 localities throughout the nation designated by the Department of Labor to help form a new business government partnership to hire the nation's disadvantaged and unemployed.

Walter Nowak, Manager of the Grayling Chamber of Commerce, and Ernest F. Dawson, owner of Flowers by Josie in Grayling, were appointed to the Private Industry Council representing Crawford County.

The program was first announced by President Carter in the state of the union message on January 20, 1978. Briefly stated, it was to be a \$400 million effort to provide Private Sector employment opportunities for the economically disadvantaged.

According to Ries, the next meeting of the Private Industry Council will be held in Grayling September 11.

THE MARKET BASKET

Coupons Count
Don't laugh at the coupon clippers. They're saving money on food costs. So can you. Set up a file and arrange coupons — cereals, cleaning products, dairy items, paper goods, pet foods, canned goods. Enlist the aid of family members in gathering coupons from newspapers, magazines, food packages, store displays. When you make your shopping list, check your coupon files for possible savings.

Beef Tips
Beef prices being what they are, look for cuts which give you the most lean meat and the least bone.

Letter of Interest

On August 25th, the 3rd annual Bobby Crim 10 mile Road Race for the Special Olympics was held in Flint, Michigan. As a participant I would like to thank all the people and businesses who sponsored me. I did finish the 10 mile course with a time of 82 minutes 52 seconds. Your pledge money was greatly appreciated with a total of \$94 in donations.

It was truly fantastic. There were 23 hundred people who started the race, with most everyone finishing.

Thanks-Again
Sincerely,
Mary Stewart

Almanack

Potpourri: Young, Wallace, Levin

RICHARD MILLIMAN

Time once more for one of our infrequent strolls, barefoot among the potpourri...

After a couple of rather tumultuous years as United States Ambassador to the United Nations the Hon. Andrew Young has resigned.

For the sake of the country, it's probably just as well.

Mr. Young has a surplus of fine qualities, most of which surface rather readily in a couple of his chosen fields, such as preaching and politics. But in diplomacy, he frequently comes up a bit short.

The reasons become rather obvious when you listen to one of Mr. Young's comments as he resigned. According to the papers, he told a group of reporters:

"I find it's very difficult to do the things I think are in the interest of the country and also maintain the standards of protocol and diplomacy you and many people in the nation make us adhere to," Young said.

"I guess, given the choice, I can best serve the country by asking President Carter if he would accept my resignation."

In other words, Mr. Young found it impossible to stay within accepted bounds in his diplomatic service; he couldn't (or wouldn't) play by the rules. What was good and effective in preaching and politics didn't necessarily fit in diplomacy.

Granted those terms, his departure is probably just as well for the sake of the country, as noted above. It's probably just as well for his own sake, too.

As for Mr. Carter's political sake...that's really irrelevant, given the international stakes that could be involved. Besides, the whole flap most likely won't make one whit of difference by election time.

George Wallace—the man who would be President but never quite made it—caused a few heads to bob up recently. Consider these remarks to a university audience in Alabama, as reported recently in the press:

"I was for segregation...I was raised

that way and I believed that way. I thought it was the best for both whites and blacks," Wallace told the students.

"But I was wrong. And when we lost the legal battles, we all saw that we were wrong. Those days are over, and they ought to be over. And anybody who wants it back ought to have their head examined."

George Wallace has always been a remarkable person, regardless of whether he turned you on or turned you off. This latest revelation of error on his part is no less remarkable, and he is to be commended not only for his change-of-direction, but also for spelling it out in public.

It's doubtful whether Mr. Wallace will ever mount an effective campaign for public office again. If he did, however, it would be mighty interesting to see whether his former backers would scurry away from the Wallace camp and back to the school door which many of them helped block...and whether his former critics, who based their opposition on Wallace's segregation stance, would forgive and forget and line up behind for former governor.

From a political standpoint, Wallace probably loses all the way around on his late admission of error; from a personal standpoint, he probably feels a whole lot better about the whole thing.

Michigan's new junior senator, the Hon. Carl Levin, apparently is taking what today's generation might call a laid-back approach to his duties in the nation's capital.

That's the impression I received from a recent senatorial press release from Levin's office, which began like this:

"Washington, D.C.—Back in his office, Carl Levin took a drink from a cold can of Stroh's and reflected on his day on the Senate floor. It had been a big day for the freshman Democratic senator from Michigan.

That's as far as the new-type individual proceeded. The release went into the file labeled:

"Press releases I never bothered to finish reading."

Dear Editor,

As many of the readers know the Department of Social Services is sponsoring Parent Discussion Groups that are held in Grayling on Monday evenings. We would at this time like to publicly thank the Holiday Inn of Grayling and their staff and ownership for providing a conference room for this very worthwhile function. The Holiday Inn has been most cooperative in assisting us in scheduling these meetings and has added greatly to the success of the groups. The environment that the Holiday Inn of Grayling provides for us is most conducive to the informal discussion of this group.

Thank you again.

A copy of a letter the Assistant Prosecutor sent to the Prosecutor in regards to funds for a seminar was read into the record as follows:

July 11, 1979
Thomas F. Kent, Esq.
Prosecuting Attorney
Crawford County Court Bldg.
Grayling, Michigan 49734
Re: Lack of Funding for Professional Education Seminars
Dear Mr. Kent:

In your absence, I attended a meeting of the Crawford County Board of Commissioners on Monday, July 9, 1979, for the purpose of requesting that the Board reconsider their previous position relative to the Annual Prosecuting Attorneys Seminar to be held in the near future. The Commissioners verified that their decision had been made immediately after you left the meeting of a week or so ago and that the only notice that we received of their decision was the printed minutes in the paper contrary to their normal policy of personally informing you of their decision. The Commissioners apologized for that error.

I thought I rather clearly informed the Commissioners that funds for seminars and this seminar in particular was not coming from any money budgeted by the County but rather was coming from an outside source that we had been able to secure through our own efforts. I further informed the Commissioners that we expected that those funds would exceed what we needed for seminar purposes and to the degree that they would exceed our needs, we were willing to turn them over to the County. Apparently either the Commissioners did not understand or did not feel they had a need for such revenues that we might generate in that fashion. At any rate, the Commissioners declined to take any action to reconsider their previous position.

As we have discussed and as I now emphasize, the situation regarding professional training and educational opportunity for members of this office has reached a critical point. As you are well aware, no reasonable person can expect any attorney in this office to receive necessary and essential current training for the \$150.00 per year (now cut to \$100.00) which has been allocated by the Commissioners. We have arranged funds outside the county budget for that purpose which the Commissioners now decline to allow us to use.

I, therefore, recommend to you the following course of action:
1. That we continue to do such work as we are reasonably able to do to handle the requirements of our office. I believe that we should not charge the State of Michigan for any work we do on the State's behalf and for which we could otherwise expect compensation to be used for seminars because we are not permitted to use the money for that purpose. By leaving the money in the State General Fund, I suppose all of the taxpayers of the state will benefit to some degree. I do not understand the wisdom of the thinking that 100% of nothing is better than a part of something, but apparently, it's the prevailing attitude.

2. I recommend that you call to the attention of the Board of Com-

missioners and to the attention of the individual Commissioners the United States Supreme Court case of *Monell vs. New York City Department of Social Services* decided in 1978. (I attach a brief discussion of that case.) That case holds that county commissioners and, in fact, individual commissioners can be expected to be held individually and collectively liable personally for failure to properly equip employees for the jobs assigned to the employee. In this instance, continuing legal education is involved and there can be no question by any reasonable person that we are not provided with that which is necessary to participate in such programs. I believe the County Commissioners have placed themselves in a position of direct responsibility and liability for errors or omissions in the Prosecutor's Office.

3. It may be appropriate to contact the insurance company carrying liability coverage for our office for the purpose of reviewing the adequacy of coverage for our office under present conditions. The carrier may then wish to review the policy. I do not know that it is our obligation to make this contact with the carrier and I respectfully submit that we should discuss it further before acting on this third recommendation.

Thank you for your attention to this communication. I will anticipate having the opportunity to discuss this matter with you in detail upon your return.

Very truly yours,
Alton T. Davis
Chief Assistant Prosecuting Attorney

Ms. Suffield also advised the Board that she had already placed most of the CETA being laid off at other work sites in the County.

Commissioner Bonkowski reported on a District Health meeting. It appears that the County will have to reinstate the 4th quarter appropriation to District Health. They have agreed to letting us pay this by monthly installments. But they do need the whole appropriation by the end of this year. We can reduce the appropriation by the amount of the rent they return to us each month, which will leave a final appropriation of \$10,500.00.

MOTION BY Neilson, second by Bonkowski, to reinstate the 4th quarter appropriation to the District Health & pay them on a monthly basis of \$3500.00. Roll Call: All Ayes. Carried.
